La Lumiere School Celebrates Record Enrollment for a Fifth Consecutive Year

LaPorte, Ind. – August 19, 2010 – La Lumiere School is celebrating record enrollment for a fifth consecutive year. La Lumiere welcomed over 200 students accompanied by their families to campus on Sunday, August 15 for registration. The day was beautiful and the excitement in the air was palpable. Returning students marveled at the improvements made to campus over the summer. During the few short summer months students were away from campus, a new administration building was built and a new wood floor was installed in the Marsch Gymnasium. Enrollment at La Lumiere has increased by 30% in the past three years. During the same time frame the School constructed a 7,200 square foot science building, added a new fitness center, addressed campus-wide technology issues, constructed new town homes for faculty housing, improved the gymnasium, renovated and restored its dining facility, including a new kitchen, and built a new softball field.

La Lumiere School's student body is comprised of a diverse group of day and boarding students. Day students come from as far away as South Bend, Granger, Schererville, Munster and Valparaiso, while boarding students choose La Lumiere from twelve countries and seven states. Countries represented among the current student body include Canada, China, Columbia, Croatia, Honduras, Iran, Mexico, Serbia, South Korea, Spain, Sudan and Vietnam while domestic boarders hail from Florida, Illinois, Indiana, Kentucky, Michigan, Ohio, and Texas.
